Welcome to Nature's Hideaway Family Campground

Our goal is to maintain a safe and fun family atmosphere. To help us ensure you and each guest have an enjoyable stay, please read with the following:

- ❖ Your campground registration vehicle tag must be visible on your mirror at all times. This is very important as it identifies you as a registered guest.
- ❖ **depending on current Covid-19 campground restrictions** Please inform any visitor to your site that they are required to register at the office & submit appropriate fees. \$5-\$10 per adult. Visitors must leave by 8:00pm. *Vehicles without campground registration will be towed at the vehicle owner's expense.*
- ❖ **Quiet time is 11:00pm. ALL music must be turned off- not down- off. No exceptions.**
- ❖ No loud music at any time. If it can be heard outside of your site- it's too loud.
- ❖ **Pallets cannot be used as firewood!** Nor any other wood containing nails, hardware or chemical treatment.
- ❖ Please- do not move fire pits. Check with staff.
- ❖ Water is strictly for your trailer hook-up. All of our water is trucked into the campground, therefore it is not an unlimited supply. Please don't allow children to play with the taps & **tenters must use a basin rather allowing a tap to flow.**
- ❖ **Air-conditioning & electric heaters are not permitted at 20amp sites.** 20amp will support your coffee maker, TV, etc when ran separately. Generators not permitted.
- ❖ We love pets- they are welcome however, excessive barking may result in your dog having to go home. **Pets must be tied or on a leash at all times including at the beach. Never leave your pet unattended at your site or inside your trailer.**
- ❖ You are responsible for supervising your children at the playground, beach and washrooms. **Playground closes at 10:00pm.** (Tip: Remind small children of your site number.)
- ❖ The sani-station is located before the EXIT gate. \$15 after camping with us. \$25 for arriving & unregistered trailers (we must haul waste away).
- ❖ Fireworks are prohibited and cause for immediate eviction- Fire & safety reasons.
- ❖ This campground is privately owned property & does not permit marijuana to be smoked at campsites, the beaches or any shared spaces. Please go outside of the campground.
- ❖ Any & all **ROPE MUST BE REMOVED** upon leaving. Rope left behind is damaging our beautiful trees, despite our efforts.
- ❖ Trust our staff to be discreet & to handle a noise or behaviour complaint. Please inform the office or security staff. Your experience here is important to us!

Please leave your tag & comments for us in the box at the exit gate. Thank you for choosing Nature's Hideaway!
